# Florida Cast Members Receive Walt Disney Legacy Award

They create magic for guests every day, inspire others by being inclusive and represent the best of Disney's heritage. They're the 2013 Disney Legacy Award recipients recently honored by Walt Disney World Resort. The Walt Disney Legacy Award recognizes Cast Members, Crew Members and Imagineers around the world who embody the values behind the award of "dream, create and inspire." This year, more than 350 Cast Members from Florida were selected for the way they uphold Disney's tradition of excellence and represent a commitment to the values prized by Walt himself. Recipients are nominated by co-workers and receive an iconic blue name tag that distinguishes them from other Cast Members.
